## FINAL DRIVE TO BE MADE AT CHURCH SERVICES ON SUNDAY

Red Cross Canvassers Will be at  
Each Sunday School and Other  
Meetings to Get Members.

### CONDITIONS ABOUT CONTEST

Rush County Chapter Asks Putnam  
County Not Count DePauw  
Students Living There.

### WORKERS MAKE REPORTS

Many Have 100 Per Cent Member-  
ship in Their Districts—Others  
Strive For It.

At every church service held in the  
city on Sunday, an opportunity will  
be given for persons to join the Red  
Cross society. This is the latest  
plan made by the campaigners in  
connection with the week's member-  
ship drive for Red Cross.

Two persons will be at every Sun-  
day school, church service and  
young people's meeting to take new  
members names and to urge persons  
to join. At the union church service  
which will be held at night at the  
United Presbyterian church, the  
cause will be briefly presented by a  
Red Cross speaker.

Rush county has accepted the  
challenge sent by Putnam county for  
the most members to be obtained  
during the week's drive on condition  
that students in DePauw university  
not be counted in the report of Put-  
nam county, for Greencastle is in  
that county. With a slight lead  
ahead of Rush county, Putnam has a  
small advantage although workers  
feel confident that Rush can win in  
the contest and be named the first  
county in Indiana as to Red Cross  
members.

Enthusiasm and interest marked  
the meeting of canvassers and work-  
ers held in the headquarters at the  
court house last evening. A num-  
ber of the canvassers reported a one  
hundred per cent membership in  
their district and other workers sig-  
nified their intention of working un-  
til they could give a similar report.  
The names of many more persons as  
members of the society will be nec-  
essary before Rush county can reach  
her goal of 50 per cent of the mem-  
bership or can win over Putnam  
county.

An important meeting for can-  
vassers, workers and others inter-  
ested in the drive will be held in the  
reeruting headquarters tomorrow  
evening at 7 o'clock when reports

### Many Indiana Counties Have Gone Over The Top

A. F. Bentley, Indiana cam-  
paign manager for the Red  
Cross membership drive, wired the  
Republican late this after-  
noon from Indianapolis as fol-  
lows: "Reports to state head-  
quarters American Red Cross  
today, show that many Indiana  
cities and counties have gone  
over the top with the campaign  
half over. The banner report  
comes from Vincennes. Six  
thousand Red Cross members  
are reported, equaling 33 per  
cent of the city's population.  
Twenty-four blocks in Vincen-  
nes are entitled to display the  
white star showing every man,  
woman and child a Red Cross  
member.

Localities which exceeded  
their quota are Muncie, South  
Bend, Gary, Indiana Harbor,  
Whiting and Mishawaka. Ft.  
Wayne, with a quota of 22,100  
reports 9,944 Red Cross mem-  
bers. Logansport has not re-  
ported but there is confidence it  
will finish big. Localities  
which have almost reached the  
crest are Michigan City, Ham-  
mond and Huntington and Tip-  
pecanoe county.

will be given and further plans made  
for finishing the drive successfully.  
Members, whether they have joined  
recently or been former members of  
Red Cross, are urged to call at the  
headquarters and get the flag to  
which they are entitled and to put it  
in their front window, bearing a Red  
Cross for every member of the so-  
ciety in that home.

The headquarters was the center  
of activity today. Many persons  
called for supplies and many more  
came to join Red Cross. However,  
many more should call to join the so-  
ciety.

"We are busy," stated Chairman  
A. L. Riggs this morning, "but not as  
busy as we should be. There should  
be a line of people reaching from this  
headquarters to the street waiting to  
join Red Cross. It is an honor."

Aside from the duty of citizens,  
who should join Red Cross, to the  
country, the Allies and the boys in  
khaki and blue, there is another  
duty and that is the one they owe to  
the families who have sacrificed sons  
and who will miss them more than  
ever on Christmas day, workers  
point out. This will probably be the  
first Christmas these boys have spent  
away from home. In no way could  
the community better show these  
families (and there are almost 300  
of them) that Rush county is with  
them in sympathy and back of the  
boys in a financial way, than by  
joining the Red Cross enmasse.

## GIVES ALLIES TWO MONTHS

Bolsheviki Calls on Them to Appeal  
For Peace

(By United Press.)

Stockholm, Dec. 20.—The Russian  
Bolsheviki have given the allies two  
months in which to join in the ap-  
peal for general peace in which they  
propose an armistice among all  
powers, according to a statement of  
Trotsky, Bolshevik leader, reaching  
here.

"We do not promise not to con-  
clude a separate peace," the state-  
ment says, "We are not able to make  
war for ten years in the interest of  
French and English imperialism. History  
will condone a separate  
peace."

## OUTLINES WAR AIMS OF BRITISH

Premier Says They Rest On Nec-  
essity of Destroying German  
Military Power

### ONLY WORLD PEACE SECURITY

Frank in Admitting Allies Military  
Disappointments Due to Rus-  
sian Collapse

(By United Press.)

London, Dec. 20.—England's war  
aims rest primarily on the necessity  
that the allies have security from  
Germany for a future world peace.

As outlined in the house of com-  
mons this afternoon by Premier  
Lloyd-George, this security can  
only be attained by destruction of  
Germany's military power and dem-  
ocratization of all of her people.

"We demand complete restoration  
and compensation for territory  
which has been taken," the premier  
declared.

"The wishes, desires, and interest  
of the inhabitants of the German  
colonies must be a dominant factor in  
the settlement of their future.

"Mesopotamia and Armenia  
should never be returned to German  
rule.

"The question of the German col-  
onies is one for decision at the in-  
ternational peace conference.

The future trustees of the German  
colonies must consider the sentiment  
of the people themselves—whether  
they desire to return to their for-  
mer masters."

Discussing the military situation,  
"Germany lost 100,000 prisoners in  
the year just past," he said.

"They lost valuable positions and  
hundreds of guns."

"We must have security from  
Germany for future world peace,"  
the premier declared, emphasizing  
his momentous words with ringing  
words. "One guarantee for such a  
world peace must be the destruction  
of her military power. Another  
must be the democratization of the  
German people."

Lloyd George was frank in admit-  
ting the allies disappointment as to  
their military hopes which he attrib-  
uted to the collapse of Russia. He  
held, however, that the military  
success which the enemy had been  
able to achieve—had been due to

### Don't Do It.

(By Meyer Heller of Newcastle  
state merchant representative  
of the United States Food  
Administration.)

Penny-pinching is not con-  
servation. Don't deny the eag-  
er, longing, wistful little chil-  
dren who so love Christmas  
and Santa Claus. Don't deny  
your friends and family the  
fullest realization of their  
Christmas dreams. If you must  
economize, do so by cutting out  
some of your own personal  
luxuries—this is the Christmas  
season.

#### Class 5.

George M. Wiltse, Rushville.

The county army selection board  
has classified twenty more regis-  
trants; six going into the first class,  
six in class two, one in class three,  
six in class four and one in class  
five.

This makes a total of thirty-five  
which has been classified up to this  
morning, all but nine of the number  
having been given deferred classifica-  
tion. This number is ready for the  
next call for men providing they  
pass the physical examination and  
providing none of them appeals to  
the district board and is put back in  
another class.

The board was working behind  
closed doors all day and will prob-  
ably turn out as many if not more  
classifications by tomorrow. One  
registrant was placed in class three  
today, the first one to go in that  
division. Into this class go men  
having dependency claims for chil-  
dren not their own, aged or infirm  
parents, helpless brothers or sisters,  
etc.

Up to today there are ten regis-  
trants in class four, where men  
claiming deferred classification for  
dependent wife and children go, four  
in class five, into which class all  
registrants who are already in the  
service—having volunteered—are  
placed. Also in this class go regular-  
ly or duly ordained ministers of re-  
ligion, students who were preparing  
for the ministry on May 18, 1917,  
alien enemies, resident alien who  
claims an exemption and registrants  
who are totally and permanently,  
physically, mentally and morally un-  
fit for military service.

The legal advisory board was  
busier today than it has been any  
day since it went into session. At  
many times today there were a  
dozen or more registrants with the  
board at the same time getting as-  
sistance in having their question-  
naires filled out. Five associate  
members of the board have been as-  
signed to duty each day, but at-  
torneys or others are offering their  
services readily even though they  
are not assigned to a particular  
day.

The board sits each day in the  
court room on the third floor of the  
court house from 8:30 a m to 5 p m  
and each night in the sheriff's office  
on the first floor of the court house  
from 7 to 9. Registrants are urged  
to call with their questionnaires as  
soon as possible.

## SEAL SALES MOUNT TO \$250

Schools and Postoffice Help Materi-  
ally by Disposing of Many

The fund from the sale of seals in  
the schools has given the Red Cross  
seal fund a decided boost. Today,  
the fund equalled practically \$250.  
Of this amount \$14 had been added  
by the Annex and \$5 by the Jack-  
son school. The report of the sales  
in the Havens school has not been  
turned in but it is probable that it  
will come up to the other grade  
schools. Another aid to the fund is  
the stand at the postoffice. There  
every afternoon several dollars are  
turned in for seals, as persons buy  
the little stickers to make the  
Christmas packages more attractive

## CAMP TAYLOR MEN CAN'T COME HOME

Order Granting Them Christmas  
Furloughs is Rescinded at  
The Last Moment

### IS A DISAPPOINTMENT HERE

Relatives of Men at Camp Shelby  
Agreeably Surprised Because  
Some Can Come Home

While relatives here of Rush  
county selected men at Camp Tay-  
lor, Ky., today received a severe  
disappointment when news came  
that all Christmas furloughs had  
been withdrawn, relatives of Rush  
county men at Camp Shelby, Miss.,  
were given a very agreeable sur-  
prise by the news contained in dis-  
patches today that Christmas fur-  
loughs would be granted to five per  
cent of the men and officers of each  
company.

The news from Camp Shelby was  
a complete surprise because no fur-  
loughs were expected for the holi-  
days. The new order annuls a pre-  
vious order holding up the usual  
furlough privileges from Dec. 15 to  
Jan. 15. In time of war military  
authorities may refuse all requests  
for leaves of absence. In time of  
peace leaves of absences can be  
granted five per cent of any com-  
mand. The peace rule was follow-  
ed at Camp Shelby until the last of  
November and for the last three  
weeks leaves have been granted only  
for special reasons.

The order at Camp Taylor sus-  
pending Christmas furloughs was a  
greater disappointment because it  
had been announced a few days ago  
that one-half of the officers and men  
would be granted leaves of absence  
over Christmas and the other half  
over New Years. Because of that  
order, all plans to provide a happy  
Christmas for Rush county selected  
men at Camp Taylor had been sus-  
pended because it was thought the  
men would rather receive their gifts  
at home since they would be here  
some time during the holidays.

Every man at Camp Taylor had  
expected at least a four-day fur-  
lough and according to dispatches  
today, about 2,000 men got away be-  
fore the rescinding order was an-  
nounced. A special delivery letter  
was received from a Rush county  
selected man today confirming the  
information in dispatches regarding  
the rescinding of the furlough order.

## MODERN APPLIANCE TO BE DISMANTLED

Sale of Personal Property to Var-  
ious Individuals Means Fac-  
tory Will Not be Run

### REAL ESTATE SALE HELD UP

Trustee in Bankruptcy Will Try to  
Get Better Bid Than \$2,000—  
What Was Sold

The sale of the real estate and  
improvements of the Modern Appli-  
ance company, involuntary bank-  
rupt, will be held up for the time  
being so that the trustee in bank-  
ruptcy, John F. Boessinger of Ind-  
ianapolis, may try to get a better  
bid than the one of \$2,000 offered  
yesterday by R. L. Tompkins, which  
the referee in bankruptcy refused to  
approve.

The sale of the personal property  
to individual purchasers for \$4,965  
was approved by the referee and the  
dismantling of the plant has already  
been started. It was hoped here  
that the plant would go to one in-  
dividual or concern and be operated  
in Rushville, but all chance of this  
has vanished.

After the personal property was  
sold in lots and pieces, it was offer-  
ed in bulk, but there were no bids.  
If a bid larger than the combined  
price offered by all purchasers had  
been made, even though it had been  
one dollar more, the trustee would  
likely have sold. The personal prop-  
erty and real estate was then of-  
fered together, but there were no  
takers.

It is impossible to estimate what  
the company will pay, but there  
seems little doubt but that there will  
not be enough to satisfy creditors  
and that the stockholders will get  
nothing to show for their investment  
in the company, which was moved  
here from Chicago several months  
ago with good prospects of estab-  
lishing a going business.

The fact that the personal prop-  
erty brought \$4,965 which was  
\$717.35 more than the appraised  
value, was a source of much satis-  
faction to the trustee, but the bid-  
ding on the real estate was a dis-  
appointment because the one bid  
was only half of the appraised value  
which was plenty low. However, it  
is pointed out that the factory  
building in itself is not worth much  
unless there is some prospect of  
disposing of it soon or establishing  
a business there. One thing is cer-  
tain, that the building can not be  
moved away and may be used at  
some future date for locating a fac-  
tory.

Erling Falk, president of the de-  
funct company, who is said now to  
be making the extension telephone  
brackets, the chief product of the  
company, was in at the death yes-  
terday. He consulted frequently with  
Morris Weinburg of Chicago, said  
to be his attorney, who bid hard to  
get the lot of material and supplies  
on hands, and also a lot of 109 fin-  
ished extension brackets. Weinburg

### County Will Go Over The Top With Seal Sales, Too.

(By Mayor C. L. Bebout.)

Rush county has gone "over the  
top" in everything she has been  
asked to do. From all indications

the same spir-  
it of gener-  
osity is being  
shown in the  
buying of Red  
Cross Christ-  
mas seals.  
No cause is more worthy and none  
offers a better opportunity to show  
the true Christmas spirit than by  
helping the less fortunate in this  
slight manner and buying Red Cross  
seals.

## BOLSHEVIKI OPPOSED IN PETROGRAD NOW

Under Excuse of Restoring Order,  
State of Siege is Decreed—  
Fighting Stops at Odessa

### GERMAN SOCIALISTS IN ARMS

Odessa, Dec. 30.—Fighting between the Bolsheviks and Ukrainians halted today. Both sides agreed to a mixed patrol throughout the city to maintain order. Scores of shops and residences were pillaged.

London, Dec. 20.—Russian uprising against the Bolsheviks has apparently reached the city of Petrograd. Under an excuse of restoring order, the Bolsheviks decreed the city in a "state of siege." According to the belief here the Bolsheviks are carefully concealing the disorder in the city. All of the other Russian factions have joined in opposition against the Bolsheviks.

Stockholm, Dec. 20.—German independent socialists are once again up in arms against the government. German socialists violently oppose a separate peace, according to reports today received in an issue of the magazine, Independent German Socialists. An editorial bitterly asserted as the "greatest danger yet menacing German democracy." The central powers, immediately stated terms making a general negotiation possible.

### XMAS FAIR NETS \$31

The indoor fair given by the girls of the Always Present class of the Christian Sunday school netted a total of \$31 from last night's proceeds. A very clever vaudeville show was given in which several song hits were sung by a chorus of girls composed of the Misses Sylvia Wolters, Gladys Bebout, Louise Hogsett, Aileen Green and Rita Gilson. Miss Wolters sang a number of pretty solos and Miss Gladys Bebout was applauded for her readings and monologues of a patriotic nature which she gave in costume.

There will be no prayer meeting at St. Paul's M. E. church this evening on account of the cellar being flooded which was caused by a leak in the pipes. The regular services will be held Sunday.

The Loyal Daughters' class of the Main Street Christian Sunday school will present a service flag with nineteen stars in it to the Young Men's Circle of the same school Sunday morning at 9:30 o'clock, the stars representing the number of men from the class in the service. The flag was made by the girls. Walter E. Frazee, teacher of the Young Men's Circle, has sent members of the class cards urging a full attendance by 9:30 o'clock.

Butter-Wheat is a New Development  
 in Culinary Preparations That Possess Genuine Merit.

The grocers of Rushville have placed on sale a new breakfast food known as "Butter-Wheat." As the name indicates it is whole wheat toasted in creamery butter. It is buttered and salted just enough to make it decidedly palatable. It possesses genuine food value. Food analysis shows that it has five times the food value of potatoes and three times the food value of eggs. If you want something that is new, something that will actually "fill a long felt want" it has arrived in "Butter-Wheat." This new breakfast food is on sale at all up-to-date grocery stores. ### Why You Should Join

A circular letter sent out from Red Cross headquarters in Rushville to several thousand persons in the county, as a part of the campaign for memberships now being carried on throughout the country, contains the following arguent reasons why the recipient should join the organization:

"German intrigue and frightfulness were never more apparent, and never more aggressive than now after more than three and a half years of war.

"It is of vital importance to the nation and to the world, that the American people express in some definite and positive way their determination to defeat this menace to liberty, to democracy and to civilization.

"There is no more certain way to accomplish this, than by a generous and enthusiastic support of the Red Cross. The addition of ten million new names will be an announcement that America is back of and unqualifiedly supporting the government, and its allies, in an uncompromising war against German aggressions and German atrocities.

"There has been registered for military service in the United States, ten million young men—the very flower of American manhood, who are ready and willing to make the supreme sacrifice for their country. It is a small service, in comparison, but none the less an important one, that you can render by standing determinedly back and supporting this patriot army by joining the Red Cross. Ten million enthusiastic Americans, added to the five million already identified with this great humanitarian organization, will be a result of this world war.

"The men eligible for military service are not hesitating. They are meeting the emergency courageously and willingly. Will you hesitate performing your part of a service that involves no sacrifices?

"Let your membership in the Red Cross head your list of Christmas gifts.

"Every home in Rush County should be a Red Cross home, in which every member of the household is a Red Cross member."

### Push Luxury Substitutes

"Do cut down the sale of luxury goods," is the advice of the Los Angeles Commercial Bulletin to its grocer readers. "Their consumption by households that can afford them is just as important as the consumption of the less expensive merchandise." The United States Food Administrator has said that the largest margin for food saving exists among the 30 per cent of our well-to-do population, because 70 per cent of our people do not have a very large margin for food saving. Conservation with them means chiefly the substitution of one thing for another. Many luxury food articles within the means of well-to-do people can be pushed in the retail store to help conserve the moderate-price staples needed either for our allies or by those who can not use luxury goods. Judicious promotion of sales along this line

## MAKES APPEAL TO ALL FARMERS

Warren T. McCray, Indiana Farmer-politician, Urges Support of the Red Cross

### ARE BENEFITED BY THE WAR

They Must Realize They Are Most Important Part of Machinery Needed to Win

Warren T. McCray, of Newton county, one of the best known farmers of Indiana, comes to the front with the following patriotic appeal for the American Red Cross membership drive. He was a candidate for nomination for governor in 1916. Mr. McCray puts his appeal directly to the farmer in this way:

"We, as a class, are financial beneficiaries of this horrible war. We are receiving prices for our farm products never before heard of. These advances are in most favorable and lucrative proportion to the increased cost of production. We must realize that we are a most important part of the great machinery necessary to win this war. We must appreciate what it would mean to us as a class, should we fail to win. We must support the government at Washington and uphold the state administration at Indianapolis to the fullest extent of our abilities. We must be alert to our country's need. We must stand behind our boys in the camp and in the fields in a most generous and magnanimous way. We must see to it that they are surrounded with wholesome influences in health, and provided with every comfort in pain and sickness.

"We must give our whole hearted and unstinted support to those ministering agencies which supply these needs. We must identify ourselves with all these activities. We must become members of the Red Cross Organization, and encourage and help those unselfish souls, who are doing so much to alleviate pain and suffering. If you are not now a member, what excuse have you to offer for not being one? If you are not, lose no time in giving your dollar to your local chapter. Take out a membership for each member of the family. A membership will cost less than a bushel of corn, a half bushel of wheat, or but little more than a bushel of oats.

"Is there a farmer in Indiana whose resources are so reduced, or whose patriotic spirit is at such low ebb, that he cannot afford to do this for those who are fighting our battles at the front, are sacrificing their all, to help win the war for the cause of Liberty and Democracy? Each of us must do our part. Have you done yours?"

will help the grocer carry out the true spirit of food saving and give him the profit balance necessary to make up reduced margins on some of the great staples which are being handled at small profit as his contribution toward winning the war.

It is said that Germany now has 892 separate imperial laws, orders, and proclamations dealing solely with the food supply and its control. There are so many prosecutions for infractions of these laws, reports the American Miller, that fines have become almost a part of the overhead cost of doing business in Germany.

Accompanying Photograph in Weekly Magazine Appears Very Complimentary Writup

### KNOWN AS WORKING SENATOR

Senator James E. Watson and his son, Lieutenant Edwin Gowdy Watson, appear in this week's issue of the Saturday Evening Post under "Who's Who and Why." The picture appears the following article: "Senator James E. Watson of Indiana has the unusual distinction of having been elected to the House of Representatives before he was thirty years of age. For many years he was Republican Whip of the House and on the Ways and Means Committee and last year was elected to the Senate. Although a speaker of force and brilliancy, he has during a ten-months session of Congress maintained a Sphinx-like silence and is known in Washington as a Senator who works seriously at the job rather than a speaker. The snapshot below shows him at Fort Leavenworth, Kansas with his son, who is an officer in the regular army."

B. Y. C. D. class of the First Baptist church with Mrs. Clarkson, at her home in North Sexton, in the evening.

F. A. R. C. E. club with Mrs. D. L. Jackman at her home in Milroy, in the evening.

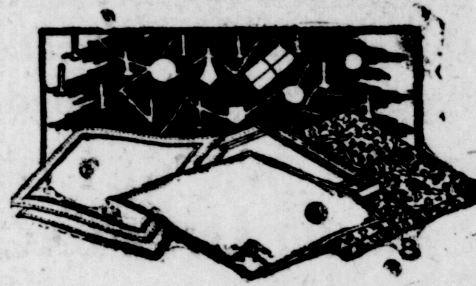

Martha Poe Chapter, O. E. S. will meet in the Masonic Hall at 7:30.

The Modern Priscilla Club met at the home of Mrs. Henry Miller at Helm Station yesterday. The club although recently organized is doing splendid work. At the close of a delightful afternoon the hostess served a chicken dinner when she was assisted by Mrs. Harve Miller. Then followed the grab bag when each received a Christmas token. Among those present were Mrs. H. Bundrant, Miss Delal Meadows, Mrs. J. W. Bundrant, Miss Frances Jackson, Miss Emma Hammond, Mrs. Harve Miller and Mrs. F. W. Hammond.

At the regular meeting of the Tri Kappa sorority held with Miss Hannah Morris this week the girls voted to give \$10 to the Red Cross and \$10 to the Salvation Army toward helping the poor children have a merry Christmas. Plans were made for the annual Christmas festivity, which will be in the form of a white elephant party this year. It will be held with Miss Jessie Monjar on Christmas eve. At the close of the meeting the hostess served refreshment to the eighteen members who were present.

The Christmas meeting of the Priscilla Art club was celebrated yesterday afternoon, when about ten of the members met at the home of Miss Doris Saxon in Falmouth. One of the features of the decorations was a Christmas tree bearing presents, which were gayly exchanged among the girls. Christmas games were played and the hostess served a dainty luncheon, a color scheme suggestive of Christmas being used.

### SON OF OTIS COX IS DEAD

On Arrival at Home of Grandparents, Dies

Word came to this city last evening of the death of the 8 months old son of Mr. and Mrs. Otis Cox of Cleveland, Ohio. Mr. and Mrs. Cox and their son, Thomas, had just reached the home of Mrs. Cox's parents near Anderson after the trip from Cleveland, when the child died. He had been sick but had apparently recovered from the illness until the death occurred. Mr. Cox formerly lived in this city, is a son of Mrs. Lenroy Cox of this city and a brother of Mrs. Harry Osborne.

### First Liberty Loan Bonds Delivered Today

The first Liberty Loan bonds to be delivered in the county were delivered today by the Rushville National bank. They were bonds of the first issue. Bonds of this issue could have been delivered sooner, but they were sold as bearing three and a half per cent interest with a clause making the interest the same as that of any future bonds. As the second issue bore four per cent, it would have been necessary to issue new bonds and by delaying the issue of the first loan, this trouble was saved.

### JASPER SMITH DIES

Jasper Smith, age eighty-two years, for the last six months an inmate of the county farm, died there today and the body will be taken for burial to Milroy where he formerly lived. He is survived by a daughter, Mrs. Clarence Brooks, and a nephew, John Smith, both of Milroy. Mr. Smith was sick about six weeks, but had been feeble for several months.

### THE "WHY"

Unselfishness — thinking of others — making others happy, this is the spirit of Christmas. If ever in the history of this holiday this spirit should be kept alive it is now—now when the whole world has been thrown into a maelstrom through utter selfishness.

¶ The spirit of Christmas is not an extravagant spirit. It is not a spirit of wastefulness—for anything which tends to promote happiness—which tends to promote and bring out the better side of humanity is altogether good.

## Keep Alive the Spirit of Christmas

## AN INCOME TAX MAN TO BE HERE

Will be Stationed at Postoffice From  
Feb. 1 to Feb. 16, 1918 to Aid  
People

### SHOW WAY TO MAKE RETURN

Duty Rests With Taxpayer to Make  
Himself Known or Pay Fine or  
Go to Jail

In a communication received by this paper, Collector of Internal Revenue Peter J. Krayer announces that a federal income tax officer will be sent into this county on February 1, 1918 and will be here until February 16, 1918. He will have his office in the Postoffice building in Rushville and will be there every day ready and willing to help persons subject to the income tax make out their returns without any cost to them for his services.

How many income-tax payers will there be in Rush county? If you can guess how many married persons living with wife or husband will have net incomes of \$2,000 or over and how many unmarried persons will have net incomes of \$1,000 or over this year, then you know. The collector of Internal Revenue estimates that there will be 645 taxpayers in this county.

Returns of income for the year 1917 must be made on forms provided for the purpose before March 1, 1918. Because a good many people don't understand the law and won't know how to make out their returns, the government is sending in this officer to do it for them. But the duty is on the taxpayer to make himself known to the government. If he doesn't make return as required before March 1 he may have to pay a penalty ranging from \$20 to \$1,000, pay a fine or go to jail. So if you don't want to take chances on going to jail, you better call on the income tax man. If you are not

sure about being subject to the tax, better ask him and make sure. Whether you see the income tax man or not, you must make return if subject to tax.

Of course, persons resident in other counties may, if they want to, come and see the income tax man who will be at Rushville.

The Collector suggests that everybody start figuring up now his income and expenses so as to be ready with the figures when the expert arrives. Expenses, however, don't mean family expenses, money used to pay off the principal of a debt, new machinery, buildings, or anything like that. They mean what you spend in making your money—amount paid for goods sold, seed, stock bought for feeding, rent (except for your dwelling), etc. Income includes about every dollar you get.

In a Little While a Pain. Same Misery. No Relief Till Pepsinco is Found. Moral—Keep Pepsinco on the Table and Take After the Meal.

Pepsinco never fails to give almost instant relief in indigestion, dyspepsia, sour stomach, bloating, sick headache. Thousands of satisfied users will vouch for Pepsinco, simply because it is always ready.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.

Mr. R. said: "I would't be without Pepsinco, if it costs ten times what it does." He said it keeps him well. Many persons say the same. Pepsinco is a true friend. It is guaranteed to help in every instance when the stomach bothers. All druggists recommend it and sell lots of it.

had to pay \$390 for the material and supplies which were appraised at \$343, his chief competitor being the Jacobson Supply Co. Weinburg let the brackets go to R. L. Tompkins of this city for \$70. They were appraised at \$1 each, or a total of \$109.

## Amusements

"Honor and Obedy" is the title of the feature play to be shown at the Gem theatre this evening with Gladys Brockwell in the lead. A clever drama is worked out by this popular actress. Tomorrow afternoon and evening one chapter of "The Fighting Trail" a marvelous out door serial will be shown together with "Still Voices" and "Chump."

In "The Second Mrs. Tanqueray" which is to be featured at the Princess theatre this evening, Sir George Alexander and Hilda Moore take leading roles. The famous drama adds many interesting features in its photoplay production, and the parts are exceptionally well enacted. Tomorrow, "The Judgment House," the well known novel by Sir Gilbert Parker will be shown. The dramatization is new and has gained great popularity in the few places it has been shown.

Determined that the "Judgment House" should be ready for release at the earliest possible moment, yet insistent that there should be no haste that would mar the production of the Right Hon. Sir Gilbert Parker's well known novel, Commodore J. Stuart Blackton has devoted both day and night to the work of putting the book into the screen form for Paramount.

Commodore Blackton, aside from his natural insistence upon artistic perfection and correction, is doubly determined that the picture shall be a success because of his affection for the author, Sir Gilbert Parker, who has been his guest through the work on "The Judgment House" and has taken a great interest in its progress. "The Judgment House" is to be the attraction at the Princess theatre on Friday.

## CHURCHES AID IN SAVING OF FUEL

Ministerial Association Decides to Hold Week of Prayer Services at The Court House

TO BE MORE EVANGELISTIC

Methodist and Presbyterian Churches to Have Prayer Meetings in Homes For Same Purpose

As a fuel conservation measure and in order to make the week of prayer services more popular, the Rushville ministerial association has decided to hold the services in the assembly room of the court house. The date set for these meetings is the week from December 31 to January 5, when they will be held each evening, with the exception of Saturday, at 7:30 o'clock.

This will mean a decided saving of fuel for the court house is already heated and no extra fuel will be required; whereas with the original plan of having the meetings at a different church each evening, a large amount of coal would have been used. The authorities in charge of the court house willingly gave their consent for its use.

The ministers of the different churches will alternate in conducting the meetings for which interesting programs have been arranged. Another change in the plans for the meetings from those of previous years is that they will be more evangelistic in character. The new location will, no doubt, aid in this move for it will be more convenient to many persons.

The churches individually have also started to co-operate in the saving of fuel. At a meeting of the official board of St. Paul's M. E. church on Tuesday evening it was decided to hold all of the church services possible on Sunday. Prayer meeting, which has been held on Thursday afternoon, will meet on Sunday afternoon instead.

## FINAL DRIVE TO BE MADE AT CHURCH SERVICES ON SUNDAY

Red Cross Canvassers Will be at  
Each Sunday School and Other  
Meetings to Get Members.

### CONDITIONS ABOUT CONTEST

Rush County Chapter Asks Putnam  
County Not Count DePauw  
Students Living There.

### WORKERS MAKE REPORTS

Many Have 100 Per Cent Member-  
ship in Their Districts—Others  
Strive For It.

At every church service held in the  
city on Sunday, an opportunity will  
be given for persons to join the Red  
Cross society. This is the latest  
plan made by the campaigners in  
connection with the week's member-  
ship drive for Red Cross.

Two persons will be at every Sun-  
day school, church service and  
young people's meeting to take new  
members names and to urge persons  
to join. At the union church service  
which will be held at night at the  
United Presbyterian church, the  
cause will be briefly presented by a  
Red Cross speaker.

Rush county has accepted the  
challenge sent by Putnam county for  
the most members to be obtained  
during the week's drive on condition  
that students in DePauw university  
not be counted in the report of Put-  
nam county, for Greencastle is in  
that county. With a slight lead  
ahead of Rush county, Putnam has  
a small advantage although workers  
feel confident that Rush can win in  
the contest and be named the first  
county in Indiana as to Red Cross  
members.

Enthusiasm and interest marked  
the meeting of canvassers and work-  
ers held in the headquarters at the  
court house last evening. A num-  
ber of the canvassers reported a one  
hundred per cent membership in  
their district and other workers sig-  
nified their intention of working un-  
til they could give a similar report.  
The names of many more persons as  
members of the society will be nec-  
essary before Rush county can reach  
her goal of 50 per cent of the mem-  
bership or can win over Putnam  
county.

An important meeting for can-  
vassers, workers and others inter-  
ested in the drive will be held in the  
recruiting headquarters tomorrow  
evening at 7 o'clock when reports

### Many Indiana Counties Have Gone Over The Top

A. F. Bentley, Indiana cam-  
paign manager for the Red  
Cross membership drive, wired the  
Republican late this after-  
noon from Indianapolis as fol-  
lows: "Reports to state head-  
quarters American Red Cross  
today, show that many Indiana  
cities and counties have gone  
over the top with the campaign  
half over. The banner report  
comes from Vincennes. Six  
thousand Red Cross members  
are reported, equaling 33 per  
cent of the city's population.  
Twenty-four blocks in Vincen-  
nes are entitled to display the  
white star showing every man,  
woman and child a Red Cross  
member.

Localities which exceeded  
their quota are Muncie, South  
Bend, Gary, Indiana Harbor,  
Whiting and Mishawaka. Ft.  
Wayne, with a quota of 22,100  
reports 9,944 Red Cross mem-  
bers. Logansport has not re-  
ported but there is confidence it  
will finish big. Localities  
which have almost reached the  
crest are Michigan City, Ham-  
mond and Huntington and Tip-  
pecanoe county.

### 46 Qualify In 100 Per Cent Red Cross Membership

and lodges have qualified in the 100

will be given and further plans made  
for finishing the drive successfully.  
Members, whether they have joined  
recently or been former members of  
Red Cross, are urged to call at the  
headquarters and get the flag to  
which they are entitled and to put it  
in their front window, bearing a Red  
Cross for every member of the so-  
ciety in that home.

The headquarters was the center  
of activity today. Many persons  
called for supplies and many more  
came to join Red Cross. However,  
many more should call to join the so-  
ciety.

"We are busy," stated Chairman  
A. L. Riggs this morning, "but not as  
busy as we should be. There should  
be a line of people reaching from this  
headquarters to the street waiting to  
join Red Cross. It is an honor."

Aside from the duty of citizens,  
who should join Red Cross, to the  
country, the Allies and the boys in  
khaki and blue, there is another  
duty and that is the one they owe to  
the families who have sacrificed sons  
and who will miss them more than  
ever on Christmas day, workers  
point out. This will probably be the  
first Christmas these boys have spent  
away from home. In no way could  
the community better show these  
families (and there are almost 300  
of them) that Rush county is with  
them in sympathy and back of the  
boys in a financial way, than by  
joining the Red Cross en masse.

Premier Says They Rest On Nec-  
essity of Destroying German  
Military Power

### ONLY WORLD PEACE SECURITY

Frank in Admitting Allies Military  
Disappointments Due to Rus-  
sian Collapse

(By United Press.)

London, Dec. 20.—England's war  
aims rest primarily on the necessity  
that the allies have security from  
Germany for a future world peace.

As outlined in the house of com-  
mons this afternoon by Premier  
Lloyd George, this security can  
only be attained by destruction of  
Germany's military power and dem-  
ocratization of all of her people.

"We demand complete restoration  
and compensation for territory  
which has been taken," the premier  
declared.

"The wishes, desires, and interest  
of the inhabitants of the German  
colonies must be a dominant factor  
in the settlement of their future."

"Mesopotamia and Armenia  
should never be returned to German  
rule."

"The question of the German col-  
onies is one for decision at the in-  
ternational peace conference."

The future trustees of the German  
colonies must consider the sentiment  
of the people themselves—whether  
they desire to return to their former  
masters."

Discussing the military situation,  
"Germany lost 100,000 prisoners in  
the year just past," he said.

"They lost valuable positions and  
hundreds of guns."

"We must have security from  
Germany for future world peace,"  
the premier declared, emphasizing  
his momentous words with ringing  
words. "One guarantee for such a  
world peace must be the destruction  
of her military power. Another  
must be the democratization of the  
German people."

Lloyd George was frank in admit-  
ting the allies disappointment as to  
their military hopes which he attrib-  
uted to the collapse of Russia. He  
held, however, that the military  
success which the enemy had been  
able to achieve—had been due to

The county army selection board  
has classified twenty more regis-  
trants; six going into the first class,  
six in class two, one in class three,  
six in class four and one in class  
five.

This makes a total of thirty-five  
which has been classified up to this  
morning, all but nine of the number  
having been given deferred classifi-  
cation. This number is ready for the  
next call for men providing they  
pass the physical examination and  
providing none of them appeals to  
the district board and is put back in  
another class.

The board was working behind  
closed doors all day and will prob-  
ably turn out as many if not more  
classifications by tomorrow. One  
registrant was placed in class three  
today, the first one to go in that  
division. Into this class go men  
having dependency claims, for chil-  
dren not their own, aged or infirm  
parents, helpless brothers or sisters,  
etc.

Up to today there are ten regis-  
trants in class four, where men  
claiming deferred classification for  
dependent wife and children go, four  
in class five, into which class all  
registrants who are already in the  
service—having volunteered—are  
placed. Also in this class go regu-  
larly or duly ordained ministers of re-  
ligion, students who were preparing  
for the ministry on May 18, 1917,  
alien enemies, resident alien who  
claims an exemption and registrants  
who are totally and permanently  
physically, mentally and morally un-  
fit for military service.

The legal advisory board was  
busier today than it has been any  
day since it went into session. At  
many times today there were a  
dozen or more registrants with the  
board at the same time getting as-

### SEAL SALES MOUNT TO \$250

Schools and Postoffice Help Materi-  
ally by Disposing of Many

The fund from the sale of seals in  
the schools has given the Red Cross  
seal fund a decided boost. Today,  
the fund equalled practically \$250.  
Of this amount \$14 had been added  
by the Annex and \$5 by the Jack-  
son school. The report of the sales  
in the Havens school has not been  
turned in but it is probable that it  
will come up to the other grade  
schools. Another aid to the fund is  
the stand at the postoffice. There  
every afternoon several dollars are  
turned in for seals, as persons buy  
the little stickers to make the  
Christmas packages more attractive

## CAMP TAYLOR MEN CAN'T COME HOME

Order Granting Them Christmas  
Furloughs is Rescinded at  
The Last Moment

### IS A DISAPPOINTMENT HERE

Relatives of Men at Camp Shelby  
Agreeably Surprised Because  
Some Can Come Home

While relatives here of Rush  
county selected men at Camp Tay-  
lor, Ky., today received a severe  
disappointment when news came  
that all Christmas furloughs had  
been withdrawn, relatives of Rush  
county men at Camp Shelby, Miss.,  
were given a very agreeable sur-  
prise by the news contained in dis-  
patches today that Christmas fur-  
loughs would be granted to five per  
cent of the men and officers of each  
company.

The news from Camp Shelby was  
a complete surprise because no fur-  
loughs were expected for the holi-  
days. The new order annuls a pre-  
vious order holding up the usual  
furlough privileges from Dec. 15 to  
Jan. 15. In time of war, military  
authorities may refuse all requests  
for leaves of absence. In time of  
peace leaves of absences can be  
granted five per cent of any com-  
mand. The peace rule was follow-  
ed at Camp Shelby until the last of  
November and for the last three  
weeks leaves have been granted only  
for special reasons.

The order at Camp Taylor sus-  
pending Christmas furloughs was a  
greater disappointment because it  
had been announced a few days ago  
that one-half of the officers and men  
would be granted leaves of absence  
over Christmas and the other half  
over New Years. Because of that  
order, all plans to provide a happy  
Christmas for Rush county selected  
men at Camp Taylor had been sus-  
pended because it was thought the  
men would rather receive their gifts  
at home since they would be here  
some time during the holidays.

Every man at Camp Taylor had  
expected at least a four-day fur-  
lough and according to dispatches  
today, about 2,000 men got away be-  
fore the rescinding order was an-  
nounced. A special delivery letter  
was received from a Rush county  
selected man today confirming the  
information in dispatches regarding  
the rescinding of the furlough order.

## MODERN APPLIANCE TO BE DISMANTLED

Sale of Personal Property to Var-  
ious Individuals Means Fac-  
tory Will Not Be Run

### REAL ESTATE SALE HELD UP

Trustee in Bankruptcy Will Try to  
Get Better Bid Than \$2,000—  
What Was Sold

The sale of the real estate and  
improvements of the Modern Appli-  
ance company, involuntary bank-  
rupt, will be held up for the time  
being so that the trustee in bank-  
ruptcy, John F. Boessinger, of Ind-  
ianapolis, may try to get a better  
bid than the one of \$2,000 offered  
yesterday by R. L. Tompkins, which  
the referee in bankruptcy refused to  
approve.

The sale of the personal property to  
individual purchasers for \$4,965  
was approved by the referee and the  
dismantling of the plant has already  
been started. It was hoped here  
that the plant would go to one in-  
dividual or concern and be operated  
in Rushville, but all chance of this  
has vanished.

After the personal property was  
sold in lots and pieces, it was offer-  
ed in bulk, but there were no bids.  
If a bid larger than the combined  
price offered by all purchasers had  
been made, even though it had been  
one dollar more, the trustee would  
likely have sold. The personal prop-  
erty and real estate was then of-  
fered together, but there were no  
takers.

It is impossible to estimate what  
the company will pay, but there  
seems little doubt but that there will  
not be enough to satisfy creditors  
and that the stockholders will get  
nothing to show for their investment  
in the company, which was moved  
here from Chicago several months  
ago with good prospects of estab-  
lishing a going business.

The fact that the personal prop-  
erty brought \$4,965 which was  
\$717.35 more than the appraised  
value, was a source of much satis-  
faction to the trustee, but the bid-  
ding on the real estate was a dis-  
appointment because the one bid  
was only half of the appraised value  
which was plenty low. However, it  
is pointed out that the factory  
building in itself is not worth much  
unless there is some prospect of  
disposing of it soon or establishing  
a business there. One thing is cer-  
tain, that the building can not be  
moved away and may be used at  
some future date for locating a fac-  
tory.

Erling Falk, president of the de-  
funct company, who is said now to  
be making the extension telephone  
brackets, the chief product of the  
company, was in at the death yes-  
terday. He consulted frequently with  
Morris Weinburg of Chicago, said  
to be his attorney, who bid hard to  
get the lot of material and supplies  
on hands, and also a lot of 100 fin-  
ished extension brackets. Weinburg

### County Will Go Over The Top With Seal Sales, Too.

(By Mayor C. L. Bebout.)

Rush county has gone "over the  
top" in everything she has been  
asked to do. From all indications  
the same spir-  
it of gener-  
osity is being  
shown in the  
buying of Red  
Cross Chris-  
mas seals.  
No cause is more worthy and none  
offers a better opportunity to show  
the true Christmas spirit than by  
helping the less fortunate in this  
time of need.

# BOLSHEVIKI OPPOSED IN PETROGRAD NOW

Under Excuse of Restoring Order,  
State of Siege Is Declared—  
Fighting Stops at Odessa

## GERMAN SOCIALISTS IN ARMS

Odessa, Dec. 30.—Fighting between the Bolsheviks and Ukrainians halted today. Both sides agreed to a mixed patrol throughout the city to maintain order. Scores of shops and residences were pillaged.

London, Dec. 20.—Russian uprising against the Bolsheviks has apparently reached the city of Petrograd. Under an excuse of restoring order, the Bolsheviks decreed the city in a "state of siege." According to the belief here the Bolsheviks are carefully concealing the disorder in the city. All of the other Russian factions have joined in opposition against the Bolsheviks.

Stockholm, Dec. 20.—German independent socialists are once again up in arms against the government. German socialists violently oppose a separate peace, according to reports today received in an issue of the magazine, Independent German Socialists. An editorial bitterly asserted as the "greatest danger yet menacing German democracy." The central powers, immediately stated terms making a general negotiation possible.

## XMAS FAIR NETS \$31

The indoor fair given by the girls of the Always Present class of the Christian Sunday school netted a total of \$31 from last night's proceeds. A very clever vaudeville show was given in which several song hits were sung by a chorus of girls composed of the Misses Sylvia Wolters, Gladys Bebout, Louise Holsett, Aileen Green and Rita Gilson. Miss Wolters sang a number of pretty solos and Miss Gladys Bebout was applauded for her readings and monologues of a patriotic nature which she gave in substance.

There will be no prayer meeting at St. Paul's M. E. church this evening on account of the cellar being flooded which was caused by a leak.

To Present Service Flag  
The Loyal Daughters class of the Main Street Christian Sunday school will present a service flag with nineteen stars in it to the Young Men's Circle of the same school Sunday morning at 9:30 o'clock. The stars representing the number of men from the class in the service. The flag was made by the girls. Walter E. Frazee, teacher of the Young Men's Circle, has sent members of the class cards urging a full attendance by 9:30 o'clock.

The grocers of Rushville have placed on sale a new breakfast food known as "Butter-Wheat." As the name indicates it is whole wheat toasted in creamery butter. It is buttered and salted just enough to make it decidedly palatable. It possesses genuine food value. Food analysis shows that it has five times the food value of potatoes and three times the food value of eggs. If you want something that is new, something that will actually "fill a long felt want" it has arrived in "Butter-Wheat." This new breakfast food is on sale at all up-to-date grocery stores. ## Why You Should Join

A circular letter sent out from Red Cross headquarters in Rushville to several thousand persons in the county, as a part of the campaign for memberships now being carried on throughout the country, contains the following urgent reasons why the recipient should join the organization:

"German intrigue and frightfulness were never more apparent, and never more aggressive than now, after more than three and a half years of war.

"It is of vital importance to the nation and to the world, that the American people express in some definite and positive way their determination to defend this menace to liberty, to democracy and to civilization.

"There is no more certain way to accomplish this, than by a generous and enthusiastic support of the Red Cross. The addition of ten million new names will be an announcement that America is back of and unqualifiedly supporting the government, and its allies, in an uncompromising war against German aggressions and German atrocities.

"There has been registered for military service in the United States, ten million young men—the very flower of American manhood, who are ready and willing to make the supreme sacrifice for their country. It is a small service, in comparison, but none the less an important one, that you can render by standing determinedly back and supporting this patriot army by joining the Red Cross. Ten million enthusiastic Americans, added to the five million already identified with this great humanitarian organization, will be a result of this world war.

"The men eligible for military service are not hesitating. They are meeting the emergency courageously and willingly. Will you hesitate performing your part of a service that involves no sacrifices?

"Let your membership in the Red Cross head your list of Christmas gifts.

"Every home in Rush County, should be a Red Cross home, in which every member of the household is a Red Cross member."

## Push Luxury Substitutes

"Do cut down the sale of luxury goods," is the advice of the Los Angeles Commercial Bulletin to its grocer readers. "Their consumption by households that can afford them is just as important as the consumption of the less expensive merchandise." The United States Food Administrator has said that the largest margin for food saving exists among the 30 per cent of our well-to-do population, because 70 per cent of our people do not have a very large margin for food saving. Conservation with them means chiefly the substitution of one thing for another. Many luxury food articles within the means of well-to-do people can be pushed in the retail store to help conserve the moderate-price staples needed either for our allies or by those who can not use luxury goods. ## MAKES APPEAL TO ALL FARMERS

Warren T. McCray, Indiana Farmer-politician, Urges Support of the Red Cross

## ARE BENEFITED BY THE WAR

They Must Realize They Are Most Important Part of Machinery Needed to Win

Warren T. McCray, of Newton county, one of the best known farmers of Indiana, comes to the front with the following patriotic appeal for the American Red Cross membership drive. He was a candidate for nomination for governor in 1916. Mr. McCray puts his appeal directly to the farmer in this way:

"We, as a class, are financial beneficiaries of this horrible war. We are receiving prices for our farm products never before heard of. These advances are in most favorable and lucrative proportion to the increased cost of production. We must realize that we are a most important part of the great machinery necessary to win this war. We must appreciate what it would mean to us as a class, should we fail to win. We must support the government at Washington and uphold the state administration at Indianapolis to the fullest extent of our abilities. We must be alert to our country's need. We must stand behind our boys in the camp and in the fields in a most generous and magnanimous way. We must see to it that they are surrounded with wholesome influences in health, and provided with every comfort in pain and sickness.

"We must give our whole hearted and unstinted support to those ministering agencies which supply these needs. We must identify ourselves with all these activities. We must become members of the Red Cross Organization, and encourage and help those unselfish souls, who are doing so much to alleviate pain and suffering. If you are not now a member, what excuse have you to offer for not being one? If you are not, lose no time in giving your dollar to your local chapter. Take out a membership for each member of the family. A membership will cost less than a bushel of corn, a half bushel of wheat, or but little more than a bushel of oats.

"Is there a farmer in Indiana whose resources are so reduced, or whose patriotic spirit is at such low ebb, that he cannot afford to do this for those who are fighting our battles at the front, are sacrificing their all, to help win the war for the cause of Liberty and Democracy? Each of us must do our part. Have you done yours?"

will help the grocer carry out the true spirit of food saving and give him the profit balance necessary to make up reduced margins on some of the great staples which are being handled at small profit as his contribution toward winning the war.

It is said that Germany now has 802 separate imperial laws, orders, and proclamations dealing solely with the food supply and its control. There are so many prosecutions for infractions of these laws, reports the American Miller, that fines have become almost a part of the overhead cost of doing business in Germany.

### KNOWN AS WORKING SENATOR

Senator James E. Watson and his son, Lieutenant Edwin Gowdy Watson, appear in this week's issue of the Saturday Evening Post under "Who's Who and Why." The picture appears the following article:

"Senator James E. Watson of Indiana has the unusual distinction of having been elected to the House of Representatives before he was thirty years of age. For many years he was Republican Whip of the House and on the Ways and Means Committee and last year was elected to the Senate.

"Although a speaker of force and brilliancy, he has during a ten-months session of Congress maintained a Sphinx-like silence and is known in Washington as a Senator who works seriously at the job rather than a speaker. The snapshot below shows him at Fort Leavenworth, Kansas with his son, who is an officer in the regular army."

## SON OF OTIS COX IS DEAD

On Arrival at Home of Grandparents, Dies

Word came to this city last evening of the death of the 8 months old son of Mr. and Mrs. Otis Cox of Cleveland, Ohio. Mr. and Mrs. Cox and their son, Thomas, had just reached the home of Mrs. Cox's parents near Anderson after the trip from Cleveland, when the child died. He had been sick but had apparently recovered from the illness until the death occurred. Mr. Cox formerly lived in this city, is a son of Mrs. Lenroy Cox of this city and a brother of Mrs. Harry Osborne.

**First Liberty Loan Bonds Delivered Today**  
The first Liberty Loan bonds to be delivered in the county were delivered today by the Rushville National bank. They were bonds of the first issue. Bonds of this issue could have been delivered sooner, but they were sold as bearing three and a half per cent interest with a clause making the interest the same as that of any future bonds. As the second issue bore four per cent, it would have been necessary to issue new bonds and by delaying the issue of the first loan, this trouble was saved.

### JASPER SMITH DIES

## AN INCOME TAX MAN TO BE HERE

Will be Stationed at Postoffice From  
Feb. 1 to Feb. 16, 1918 to Aid  
People

### SHOW WAY TO MAKE RETURN

Duty Rests With Taxpayer to Make  
Himself Known or Pay Fine or  
Go to Jail

In a communication received by this paper, Collector of Internal Revenue Peter J. Krayer announces that a federal income tax officer will be sent into this county on February 1, 1918 and will be here until February 16, 1918. He will have his office in the Postoffice building in Rushville and will be there every day ready and willing to help persons subject to the income tax make out their returns without any cost to them for his services.

How many income-tax payers will there be in Rush county? If you can guess how many married persons living with wife or husband will have net incomes of \$2,000 or over and how many unmarried persons will have net incomes of \$1,000 or over this year, then you know. The collector of Internal Revenue estimates that there will be 645 taxpayers in this county.

Returns of income for the year 1917 must be made on forms provided for the purpose before March 1, 1918. Because a good many people don't understand the law and won't know how to make out their returns, the government is sending in this officer to do it for them. But the duty is on the taxpayer to make himself known to the government. If he doesn't make return as required before March 1 he may have to pay a penalty ranging from \$20 to \$1,000, pay a fine or go to jail. So if you don't want to take chances on going to jail, you better call on the income tax man. If you are not

sure about being subject to the tax, better ask him and make sure. Whether you see the income tax man or not, you must make return if subject to tax.

Of course, persons resident in other counties may if they want to, come and see the income tax man who will be at Rushville.

The Collector suggests that everybody start figuring up now his income and expenses so as to be ready with the figures when the expert arrives. Expenses, however, don't mean family expenses, money used to pay off the principal of a debt, new machinery, buildings, or anything like that. They mean what you spend in making your money—amount paid for goods sold, seed, stock bought for feeding, rent (except for your dwelling), etc. Income includes about every dollar you get.

## A PUFF AND A BLOW.

In a Little While a Pain. Same Misery. No Relief Till Pepsinco is Found. Moral—Keep Pepsinco on the Table and Take After the Meal.

Pepsinco never fails to give almost instant relief in indigestion, dyspepsia, sour stomach, bloating, sick headache. Thousands of satisfied users will vouch for Pepsinco, simply because it is always ready.

Pepsinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.

Mr. R. Smith: "I wouldn't be without Pepsinco, if it costs ten times what it does." He said it keeps him well. Many persons say that Pepsinco is a true friend. It is guaranteed to help in all cases when the stomach is out of order. When the stomach is out of order, the whole system is out of order.

## Amusements

"Honor and Obedience" is the title of the feature play to be shown at the Gem theatre this evening with Gladys Brockwell in the lead. A clever drama is worked out by this popular actress. Tomorrow afternoon and evening one chapter of "The Fighting Trail," a marvelous out door serial will be shown together with "Still Voices" and "Chump."

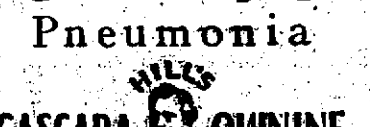

In "The Second Mrs. Tanqueray" which is to be featured at the Princess theatre this evening, Sir George Alexander and Hilda Moore take leading roles. The famous drama adds many interesting features in its photoplay production, and the parts are exceptionally well enacted. Tomorrow, "The Judgment House," the well known novel by Sir Gilbert Parker will be shown. The dramatization is new and has gained great popularity in the few places it has been shown.

Determined that the "Judgment House" should be ready for release at the earliest possible moment, yet insistent that there should be no haste that would mar the production of the Right Hon. Sir Gilbert Parker's well known novel, "Commodore J. Stuart Blackton has devoted both day and night to the work of putting the book into the screen form for Paramount.

Commodore Blackton, aside from his natural insistence upon artistic perfection and correction, is doubly determined that the picture shall be a success because of his affection for the author, Sir Gilbert Parker, who has been his guest through the work on "The Judgment House" and has taken a great interest in its progress. "The Judgment House" is to be the attraction at the Princess theatre on Friday.

A Walsh screw press appraised at \$275 for \$35 to Goldberg & Co.; a 54 inch screw press appraised at \$450 to the Modern Tool and Die for \$615; 2 1/2 horse power General Electric motors appraised at \$120 to the Rushville Grov Co. for \$151; a horse power 220 volts motor (never been set up) appraised at \$15 to Roller for \$18; 2 line shafting, pulleys, hangers and belting appraised at \$150 to Jacobson Supply Co. for \$150; bench tools appraised at \$169 to Goldberg & Co. for \$135.

## CHURCHES AID IN SAVING OF FUEL

Ministerial Association Decides to Hold Week of Prayer Services at The Court House

TO BE MORE EVANGELISTIC

Methodist and Presbyterian Churches to Have Prayer Meetings in Homes For Same Purpose

As a fuel conservation measure and in order to make the week of prayer services more popular, the Rushville ministerial association has decided to hold the services in the assembly room of the court house. The date set for these meetings is the week from December 31 to January 5, when they will be held each evening, with the exception of Saturday, at 7:30 o'clock.

This will mean a decided saving of fuel for the court house is already heated and no extra fuel will be required; whereas with the original plan of having the meetings at a different church each evening, a large amount of coal would have been used. The authorities in charge of the court house willingly gave their consent for its use.

The ministers of the different churches will alternate in conducting the meetings for which interesting programs have been arranged. Another change in the plans for the meetings from those of previous years is that they will be more evangelistic in character. The new location will, no doubt, aid in this move for it will be more convenient to many persons.

The churches individually have also started to co-operate in the saving of fuel. At a meeting of the official board of St. Paul's M. E. church on Tuesday evening it was decided to hold all of the church services possible on Sunday. Prayer meetings, which have been held on Thursday afternoon, will meet on Sunday afternoon instead.
